UNDERWATER SERVICES

WELDING ENGINEERING SERVICES

We offer services :

- Design for qualification WPS for all material type (Bi Metal or Dissimilar) according to ASME Sec IX, EN 288, API 1104 or AWS D1.1.
- Qualification welder and Welder Operator according to ASME Sec IX, EN 287, API or AWS D1.1
- Welding technical services solution : thermite welding services, design optimalisation welding process : GTAW, SMAW and SAW
- Hot tapping services

TRAINING SERVICES

In training services, we provide training in customer workshop (In-house Training) or training that is conducted at PT. Gamma Buana Persada office with material training are :

- ASNT Level II (MT, PT, UT and RT)
- Welding Metallurgy & Inspection
- Code Acceptance Criteria (ASME Sec VIII Div I, ASME B3 1.1, ASME B31.3, ASME Sec 1 and AWS D1.1
- Pressure Vessel Design, Fabrication and Inspection
- Welding Procedure Specification
(ASME IX, AWS D1.1 EN 288 and En 287)

OCTG Inspection

OCTG Inspection

Under Water Inspection

INSPECTION SERVICES

We offer services :

- Welding Inspection
- Certification Services
- Oilfield Tool inspection (OCTG Inspection)
- Rotating Equipment Inspection
- Boiler & Pressure Vessel Inspection
- Storage Tank, Piping & Pipeline Inspection

UNDER WATER SERVICES

We offer services :

- Underwater Inspection
- Replacement Anode
- Installation Anode
- Underwater Record Photo
